Summer Biomedical Internship Program Information
(Tentatively moving forward for 2022)

**Estimated Timeline:**
- Deadline for submitting applications: Friday, February 4, 2022
- Semi-finalists will be notified by March 16, 2022 through e-mail. A special note to check your SPAM filter—as UCSF Fresno is often recognized as spam, especially to Gmail users.
- Semi-finalists will be interviewed virtually the last week in March or first week in April.
- Finalists will be notified by: April 8, 2022
- Periodic training begins the end of May
- Internships begin: Monday, June 20, 2022

*Dates indicated above are approximate and subject to change at the discretion of UCSF Fresno.

**Qualifications:**
- At least 16 years of age
- Currently enrolled as a junior in high school
- Students must have a 3.0 or better grade point average
- Live in Fresno, Madera, Merced, Kings, Tulare or Mariposa Counties
- There may be a requirement for full vaccination against Covid-19. More information to come.

**Application Requirements:**
(Incomplete applications will not be considered. Please submit all required documentation together.)
- One-page typed questionnaire
- Letter of recommendation from a teacher or counselor
- Current high school transcript
- Copy of the most recent score from either the PSAT, SAT or ACT test.

**Program:**
- Internships require participation 5 days per week for the 6-7 week program. Students may not be absent for more than 3 days for the duration of the internship.
- Presentation of Projects is on Wednesday, August 3, 2022. Attendance is required.
- Parental permission is required.

The UCSF Fresno SBI Selection Committee will conduct group interviews with the final applicants. The committee is responsible for final selection and placement of applicants.

**Each intern commits to:**
- Enroll and complete training as a volunteer at the participating institution (including Community Regional Medical Center, Fresno State or a private clinic - depending on the primary location of the faculty mentor).
- Adhere to all rules, policies and procedures established for volunteers at those institutions and those required by their mentors. (Interns will be under the direct guidance and supervision of staff and/or faculty.)
- Complete duties as described and assigned by the faculty mentor and participate as directed.

**SBI provides an opportunity for students who are interested in the Biomedical Sciences to participate in basic and clinical research in such fields as surgery reconstruction, orthopedics, cancer, and epidemiology.**
