How Can Parents and Providers Promote Type 1 Diabetes Management Across Adolescence?

**Tuesday, September 1st
12:30 PM – 1:30 PM**

**Zoom teleconference ONLY
<https://ucsf.zoom.us/j/99989202668>
Meeting ID: 999 8920 2668**

Password - Pediatrics

Learning Objectives:

Understand how changing parent-child relationships may undermine type 1 diabetes management during adolescence.

Describe characteristics of parental involvement in diabetes management that are adaptive across adolescence.

Identify aspects of interactions with health care providers that promote adolescent diabetes management.

Speaker: Deborah J. Wiebe, PhD, MPH

Activity Directors: Chokechai Rongkavilit, MD and Thianchai Bunnalai, MD;
and Activity Planner: Linda Smith have no relevant financial relationships
to disclose.

Deborah J. Wiebe, PhD, MPH
Professor, Psychological Sciences
Director, Health Sciences Research Institute
